There were no dealings on any considerable scale, and movement of prices was sluggish and irrowed very considerably also, the number of different stocks dealt in being smaller than for many days past. It is not improbable that Thursday's holiday prompted the curtailment of this month. Local trade was brisk and ship speculative ventures. The dealings were left the selling orders in the market were also on a very small scale. The market was very generally heavy in the earlier part of the tendency to hardening prices causing retail Tuesday's London settlement, of a long account in Americans is interpreted as weakening the absorb considerable speculative liquidation from that center. In fact, the selling for London ac-Trade, all cereals being in good demand:

Under ordinary circumstances this would lead to the expectation of an advance in the bank rate Thursday, but the scarcity of money is due the preparation for the exchequer bond issue on Friday. When this is met there is likely to be a reflux of government funds into the money market, which would endanger the control of the market by the Bank of England. The action of the governors is, therefore, problematical. Our own money market continues unrufled, call loans falling away a shade, in spite f the continued absorption of funds on subreturn flow of funds from the interior. The recent daily average transfer of \$100,000 to \$200,-000 to New Orleans was supplemented by the transfer of \$200,000 to Chicago through the subtreasury. If the activity of interior business is 2 timothy, 2; No. 2 clover, 1; total, 5 cars. make new demands on New York for currency it may upset calculations over the future of the money market. This may have prompted some of the disinclination to deal in stocks.

The early heaviness of the market gave way

port, and the market, which opened at 49%c to December was governed by local conditions, and, lacking bull support, ruled easy, selling between 26%@36%c and 25%c, and closing %e down at 35%c. Receipts were 294 cars, fifteen of contract bu of contract corn. Shorts settled as a last resort, the move to bring back corn from the East having failed.

December wheat touched the low price for this crop, the only feature the market had to offer. The market opened a shade up at 70%@70%c, and touched 70%c because of unexpected steadiness at Liverpool in the face of the weakness here yesterday. The advance was not supported, and a decline to 69%c, the low price for this bears were disappointed, and on their covering ceased the market started downward again, and Trade throughout was dull and of a holiday character. Wool.

BOSTON, Nov. 28.-The American Wool and Cotton Reporter will say of the wool trade tomorrow: "The wool market has been rather more active the past week, the sales aggre-gating four and three-quarter million pounds. There has been considerable quiet looking around strictly for consumption. Reasonable prices have | Common to fair light weights. been offered and have been accepted. The Common to good pigs ..... of some smaller concerns, while the American Woolen Company has been buying moderately, but closely and carefully. A larger business would probably have been transacted had it which has militated against an active demand for goods. Advices from the West continue to indicate a very bullish feeling. Owners of wool continue to hold it at high prices. Prices are naturally in favor of the buyer, although there is no pressure to sell and quotations are unchanged. Sales this week in Boston amounted to 4,175,800 lbs domestic and 550,000 lbs foreign making a total of 4,725,800 lbs. against a tota of 3,452,000 for the previous week and a total of 13,915,000 lbs for the corresponding week last year. Horses. UNION STOCKYARDS, INDIANAPOLIS.

Nov. 28.-About 300 head of horses have been offered in the auction sales this week, against the corresponding week a year ago, in which ing principally ordinary to medium grades, and there are no really prime kinds in their class being represented. The attendance of buyers not been easy to consummate sales, but at about last week's prices for all kinds the demand was equal to the supply, and a good clearhigh prices they are being forced to pay in the country, and it is evident there will have to be a wider difference before liberal receipts can be expected. They claim that owners have an exaggeratd opinion of the market, that it is impossible to buy the better class of horses at a safe margin for shipping. A small number of Pittsburg and East..... sales were made above \$100, but a very large percentage of the offerings sold below that price. All buyers have limited orders, both as to price and quantity, and the outlook, while not especially bad, is by no means encouraging. There is a continued good demand for smooth fat mules for cotton use at about last week's prices,

## The Indianapolis Southern Railway Company

\$1,000,000 Preferred Stock for Sale

The Indianapolis Southern Railway Company now offers for sale one million dollars of its preferred stock on terms which will be of interest to all the citizens of Indianapolis, and also to the This railroad traverses the central and south-western part of the State of Indiana, and reaches and makes tributary to the city of Indianapolis the following county seats: Nashville, Brownstown, Salem, Rockport and Paoli; also, West Baden, French Lick, Ferdinand and Grandview. Also gives direct connection with Evansville, Ind., Owensboro and Louisville, Ky. The company ultimately expects to build a line to Bloomington and into Greene and Sullivan counties, reaching additional coal fields. The Indianapolis Southern will open up and give a short line for the great stone quarries in Washington, Monroe and Orange counties, and will also develop the vast coal fields in Dubois, Spencer, Greene and Sullivan counties, thus assuring to the people of middle and northern In-diana, and especially Indianapolis, an abundance best quality of high-grade coal in

port, the high-grade coal of Spencer and Dubois countles are equal and in most cases superior to the Jackson and Hocking valley coal of Ohio, and the high-grade coal of West Virginia, which are now sold in large quantities to the domestic trade of Indianapolis, Chicago and intermediate Owing to the short distance from the coal fields on the Indianapolis Southern, as compared with the long-distance haul from Ohio and West

with the long-distance haul from Ohio and West Virginia, the coal on our line can be placed in the market of Indianapolis at a price very much less than Ohio and West Virginia coal.

It is a well-known fact that the natural gas supply in Indiana is fast diminishing, and not only the manufacturing interests in the gas belt but also the households of the people must be prepared to use coal for all purposes.

The area of coal territory tributary to the Indianapolis Southern Railway exceeds that of any three railways in the State. three rallways in the State. The Indianapolis Southern is an Indianapolis Company, and will be a road that will be of more local benefit to Indianapolis and Indiana than any other road in the State, and for that reason the people of Indiana, and particularly Indianapolis, should become interested in the building of the road. What the Cincinnati Southern is to Cincinnati to-day the Indianapolis Southern will be to Inlianapolis in the near future. The one million dollars preferred stock will bear 6 per cent. interest, payable semi-annually. It is offered at par, and with each three (3)

shares of preferred stock, one share of c stock will be given as a bonus. following terms: 10 per cent. on subscription and not to exceed 10 per cent. each month until balance is paid. Subscriptions will be received by the following D. M. PARRY, President, Parry Manufacturing
